

THE JEWS FEAR  
MORE RIOTING

St. Petersburg Semites  
Are in a State of Ter-  
ror, Fearing Com-  
ing Celebration.

## IS VERY MENACING

Attitude of the Lower Class  
of Russians Now Looks  
Threatening to the  
Jewish Leaders.

(Special by Scripps-McRae.)  
St. Petersburg, May 26.—The Jew-  
ish colony at St. Petersburg are in  
a state of terror brought about by  
the report that there will be a whole-  
sale slaughter of all Semites on  
Friday next, the anniversary of the  
founding of the city.

**Menacing Attitudes**  
It is said that the lower class of  
Russians have on several occasions  
shown a decided unfriendly spirit  
towards the Jews and have threat-  
ened some of the prominent ones  
when meeting them on the street.

**Slight Move**  
The Jews claim that it would take  
but a slight nod of approval from  
the officers of the police to start a  
second Kishineff riot. Many are  
leaving the city through fear of what  
may happen.

HAYTI CABINET  
HAS RESIGNED

Ministers Opposed to Investigation of  
Alleged Frauds, in \$2,000,-  
000 Bonds.

Port au Prince, Hayti, May 26.—  
The entire Haytian ministry, with  
the exception of the minister of war,  
has resigned. The ministry is op-  
posed to continuing the investigation  
into the alleged frauds in the is-  
suing of Haytian government securi-  
ties amounting to \$2,000,000.

POLICE STOP ATTACK  
ON JEWS AT KISHENEV

Raid a Secret Meeting of Anti-Semites  
and Arrest 200 of Those  
in Attendance.

Berlin, May 26.—A dispatch from  
Odessa states that fresh anti-Jewish  
disturbances broke out at Kishenev,  
but the police immediately interfered  
and restored order. They raided a  
secret meeting of anti-Semites and  
arrested two hundred of those present.

Newspapers here state that the Czar  
has urgently directed that Jew bait-  
ing shall cease, and that the change in  
the attitude of the officials is already  
noticeable in consequence. His maj-  
esty's intervention is ascribed in some  
quarters to the advice of M. Witte,  
Minister of Finance, who, it is re-  
presented, warned him that a repetition  
of the outrages would have a disas-  
trous financial effect on Russia, which  
is heavily indebted to Hebrew finan-  
ciers in London, Paris and Berlin,  
both now and prospectively. It is  
stated that these financiers have been  
bringing pressure to bear on M. Witte  
to stop the outrages.

## B. F. JONES LEAVES \$60,000,000

Bulk of Estate of Steel Manufacturer  
Bequeathed to Widow.

Pittsburg, Pa., May 26.—The will of  
Benjamin F. Jones, founder of the  
house of Jones & Laughlin, was filed  
for probate before Registrar George  
H. Stengel. No estimate is made of  
the value of the estate, but it is said  
on good authority to be not less than  
\$60,000,000. The will is dated Jan.  
14, 1903, and names as executors and  
trustees Major George M. Laughlin,  
William L. King and B. F. Jones, Jr.  
The widow is to get the income  
from the bulk of the estate, the bal-  
ance going to the four children. At  
Mrs. Jones' death the income from  
her estate is to be divided equally  
each year among the children. These  
trusts are to continue until the death  
of the last of the four children, when  
the principal is to be divided equally  
among all the testator's grandchil-  
dren.

## RESULTS OF BASEBALL GAMES

AUSTRIA LOSES  
ITS CITIZENS

Heavy Emigrations to the United  
States, Almost Depopulate  
the Country.

Vienna, May 26.—Marcus Braun,  
a United States emigrant inspector,  
specially detailed by President  
Roosevelt to investigate the emigrant  
situations in Europe, after a tour  
through the towns and country dis-  
tricts of Austria and Hungary, re-  
ports that there is every indication  
that the present heavy emigration  
from the Austria-Hungarian monar-  
chy to the United States and Canada  
will continue, and even increase. He  
says this situation arises from three  
main sources: The encouragement  
afforded by emigrants who have al-  
ready gone to America; the poverty  
and unsatisfactory labor conditions  
here; and, lastly, the efforts of the  
unscrupulous local emigration agents  
whose employment is carried on in  
violation of the laws of both Austria-  
Hungary and the United States. The  
governments of both Austria and  
Hungary are using every endeavor  
to restrict the outward flow of the  
nation's young men. Mr. Braun vis-  
ited one large village which con-  
tained no male inhabitant between  
the ages of 10 and 60.

CARTOONIST IS  
IN DIRE TROUBLE

German Artist Depicts the American  
Flag in an Offensive  
Picture.

Munich, May 26.—Criminal pro-  
secution has been entered against the  
German caricaturist Helme because  
of a grossly offensive cartoon of  
which he was author, which was  
printed in Simplicissimus. The  
picture represented Chancellor von  
Bulow instructing Baron Speck von  
Sternburg, the German representa-  
tive in Washington, in the art of  
servile adulation of the stars and  
stripes. The police seized the edi-  
tion of the paper containing the car-  
toon on May 6.

## STATE NOTES

A small wreck occurred on the  
Milwaukee road Monday morning  
near New Lisbon, and six cars were  
ditched, blocking traffic for several  
hours.

A movement has been started  
among servant girls at La Crosse to  
organize a union to regulate wages  
and provide for certain evenings off  
during a week.

The North-Western passenger ar-  
riving in Fond du Lac from Marsh-  
field at 8:45 a. m., ran into a flock  
of sheep near Eldorado and killed  
twenty of them.

John Crowley, who fell down a  
stairway in a North Fond du Lac  
hotel on Friday, and received severe  
injuries, died without regaining con-  
sciousness.

The new Catholic church at Bloom-  
er, Wis., was dedicated on Sunday  
with crowds present from outside  
towns, the impressive services being  
conducted by the bishop.

The examination of Attorney Geo.  
Elholm of Racine, charged with em-  
bezzling \$7,000 from the Belle City  
Sash and Door company, which has  
been in progress ten days, was ad-  
journing Monday until next Thurs-  
day.

An action for \$15,000 damages has  
been commenced against Dr. E. S.  
Wiley of Fond du Lac, Wis., by C.  
W. Fischer for alleged malpractice  
in a surgical case, it being alleged  
that a fractured leg was improperly  
set.

While engaged in building a cot-  
tage at Eagle Lake, eighteen miles  
northwest of Racine, Harvey Horton,  
a carpenter, 40 years old, living at  
Union Grove, Monday, fell from a  
scaffold thirty feet high. It is be-  
lieved he will die.

The strike of the sawmill hands of  
the Willow River Lumber company,  
at New Richmond, has been broken,  
the men have accepted the company's  
compromise proposition of ten and  
one-half hour's pay for ten hours'  
work.

There is some opposition in the  
board of education to the election of  
George E. Bell of superintendent of  
public schools at Racine, but it is  
not believed that the opposition has  
sufficient strength to defeat Mr. Bell.

## Quits Mining Coal.

Louisville, Ky., May 26.—After be-  
ing in the coal mining business for  
fifteen years, the Louisville & Nash-  
ville railroad has decided to close all  
its agencies and hereafter will be only  
a carrier.

## Former Pauper Hires Maid.

Utica, N. Y., May 26.—Ann Amelia  
Miller, an inmate of the poorhouse  
who has fallen heir to a fortune, will  
remain an inmate, but has hired a  
maid to attend her.

## Lawyer Stabs Throat.

Marion, Ind., May 26.—Lancaster  
D. Baldwin, a prominent attorney,  
stabbed his wife, his stepdaughter,  
Mrs. John Budd, and her brother, Bert  
Ritter, in a quarrel.

## Takes Five Shocks to Kill.

Ossining, N. Y., May 26.—Antonio  
Trifola was put to death in the elec-  
tric chair in Sing Sing prison. Five  
shocks were necessary to cause  
death.

## Sixteen Drown.

Berlin, May 26.—A ferry on the  
River Narov in Poland sank as the  
result of overcrowding. Sixteen per-  
sons were drowned.

MERCHANTS ARE  
MAKING READY

Planning to Anticipate a  
Freight Handlers' Tie-  
Up During Com-  
ing Summer.

## RUSHING ORDERS

Are Filling the Cold Storage  
Plants with Provis-  
ions, Fearing Tie-Up  
May Come.

(Special by Scripps-McRae.)  
Chicago, May 26.—Merchants, both  
wholesale and retail, and supply de-  
alers are making every preparation to  
provide against a famine which  
might result in a strike of the freight  
handlers of the city as talked of.

**Rush Orders**  
Rush orders for all sorts of sup-  
plies have been sent out by local  
firms and every precaution is being  
made to avert the trouble experi-  
enced last summer when the strike  
was in progress. The railroads are  
crowded to their capacity.

**Food Supply**  
The commission merchants are fill-  
ing the vast cold storage packing  
plants with meats and foods and are  
rushing work in this line. The North-  
Western road has several gangs of  
men ready to be shipped into the  
city if trouble comes.

POPE PROTESTS  
AGAINST FRANCE

Action of the French Government Re-  
garding Associations, To  
Come Up Soon.

Rome, May 26.—It is reported that  
Cardinal Rampolla, the papal secre-  
tary of state, has made the asser-  
tion that the relations between  
France and the vatican have been  
improving since the announcement  
of the determination of his holiness  
to protest in the consistory against  
the policy of the French government  
regarding the Roman Catholic ec-  
clesiastics. Mr. Lorenzelli, the papal  
nuncio, reports that President  
Loubet is anxious to see the pope  
when he visits Rome, and the nuncio  
advises that the protest, if any, be  
made at the next consistory against  
the action of the French government,  
be of the mildest character.

PACIFIC CABLE  
LANDS AT MANILA

Steamer Anglia Leaves, to Carry Line  
on to Guam, the Next  
Station.

Manila, May 26.—The cable steam-  
er Anglia anchored the Manila end  
of the Pacific cable on the beach to-  
day and started to pay it out to  
Guam, the next station. No subma-  
rine obstacles are anticipated, but the  
vessel is likely to run into typhoons  
at this season.

ACCUSED OF KILLING  
HER AGED HUSBAND

Bride of Nineteen is Alleged to Have  
Placed Strychnine in Ice  
Cream at Dinner.

Gainesville, Ga., May 26.—Wedded  
six weeks ago, Mrs. Clara Tanner is  
under arrest, charged with killing her  
husband by poisoning. There was a  
dinner party at the Tanners, attend-  
ed by several guests. Soon after the  
ice cream was served all became vio-  
lently ill, except Mrs. Tanner, who  
ate none of the cream. Her husband  
soon died, and two of the guests may  
die. Physicians declared the symp-  
toms those of strychnine poisoning,  
and when the cream was examined it  
was found to contain quantities of  
that poison. Mrs. Tanner was ar-  
rested. It is said she lived unhappily  
with her husband, having been forced  
to marry him by her parents when she  
loved another man. Mrs. Tanner is  
19 years old. Her husband was aged  
60 years.

## MAY GO TO TREMONT TEMPLE

Dr. Crandall of Chicago Likely to Be  
Called to Boston.

Boston, Mass., May 26.—It is re-  
mored that Rev. L. A. Crandall, D. D.,  
of Chicago, who preached twice at  
Tremont temple, will be extended a  
call to the pastorate in the event of  
Rev. Dr. Lorimer declining the recall  
recently tendered him. It is not ex-  
pected that Dr. Lorimer will accept  
the call, in view of the small vote  
favoring him, and Dr. Crandall, who  
made a strong impression, is now be-  
ing seriously considered.

## Preacher is Stricken.

Cleveland, O., May 26.—Dr. George  
Adam Smith, the eminent Scotch  
preacher, who came here to deliver  
a course of lectures to the students  
of Western Reserve University, has  
been stricken with typhoid fever.

CALLS ARREST  
AS VERY UNJUST

Raid of George Sullivan's  
Brokerage Offices Sat-  
urday, Without War-  
rant, Says Court.

## DISMISSES CASES

All Persons Held Under the  
Charge of Gambling  
Are Exonerated  
This Morning.

(Special by Scripps-McRae.)  
Chicago, Ill., May 26.—The  
charges against the men arrested in  
Saturday's raid on George Sullivan's  
brokerage company of being inmates  
of a gambling house, were dismissed  
this morning in court by the judge.

**Not Warranted**  
The court in passing a verdict upon  
the prisoners said that the arrest was  
without warrant and also censured  
the police officers who partook in it.  
This completely vindicates Mr. Sul-  
livan of the charges brought against  
him.

**Big Haul**  
The raid was made Saturday last  
by detectives from Central station  
and the owners and inmates were  
all arrested charged with gambling.  
It was claimed then that it was spite  
work of an alderman who had been  
refused money.

CHINA REFUSES  
TO BOW DOWN

Evacuation of Southern Manchuria  
Causes the Natives to Collect  
in Large Bands.

St. Petersburg, May 25.—The e-  
vacuation of southern Manchuria by  
Russian troops has led to a display  
of constantly increasing insolence on  
the part of disorderly tribes, who  
have been collecting in larger bands  
than ever. Chinese laborers who  
are out of employment are gather-  
ing along the Eastern Chinese rail-  
way. There are 40,000 Chinese at  
Harbin and 50,000 camping along the  
southern and northern sections of  
the Manchuria railway line.  
A Russian timber company has  
been formed in Korea with a capital  
of \$1,500,000. It has concessions to  
work the forests on the Yalu river.  
Russian workmen are being sent  
there in great numbers.

SILVER BASIS  
NOT ACCEPTABLE

Other Powers Disagree with Amer-  
ica and Britain on Chi-  
nese Debt.

Peking, May 26.—Apparently only  
the United States and Great Britain  
are willing to make the payment of  
the Chinese debt easier by accept-  
ing the silver basis, the other gov-  
ernments consulted having disap-  
proved of the scheme.

FIGHT COMMENCES ON  
GROWING DIVORCE EVIL

Protestant Ministers of Milwaukee  
Join Catholics in Effort at Least  
to Reduce Number.

Milwaukee, Wis., May 26.—A move-  
ment to stamp out the divorce "habit"  
or at least to reduce the number of  
cases to a minimum, has commenced  
here by members of the Protestant  
and Catholic churches. At a meeting  
of the Milwaukee Ministers' associa-  
tion, Father Cassidy of Chicago spoke  
on the divorce evil, and asked the co-  
operation of the Protestant churches  
in the field in which the Catholic  
church has so long striven.  
Ten years ago, said Father Cassidy,  
there were only 10,000 divorces a year.  
To-day the number has risen to 19,  
000. He said that in New York there  
was one divorce to every twenty mar-  
riages; in Philadelphia one to nine-  
teen; in Boston one to eighteen, and  
in Chicago one to nine.

## SECURES UNIQUE MONUMENT

Union Veteran Buys Boulder That  
Sheltered Him at Gettysburg.

Gettysburg, Pa., May 26.—H. P. Pat-  
erson of Aurora, Ind., a veteran of the  
civil war, while on a visit to Gettys-  
burg recently succeeded in locating a  
large boulder behind which he sought  
shelter during the furious attack of  
the Confederate troops. Although the  
rock weighed between six and eight  
tons, Mr. Patterson purchased it from  
the Culp estate and had it shipped to  
his Western home, where he intends  
to use it as a monument to mark his  
grave after his death.

## Gen. Weston is Ill.

Washington, May 26.—Gen. John F.  
Weston, chief commissary of the  
army, is quite seriously ill at Johns  
Hopkins hospital, Baltimore, where he  
went for special treatment for an af-  
fection of the lungs.

IRISH AUTOS. FOR  
THEIR CONTEST

Police Will Line the Course from  
End to End to Prevent  
Accidents.

London, May 26.—The accidents  
during the Paris-Madrid race has  
raised the question as to what effect  
they will have on the international  
race in Ireland next July. Officials  
of the Automobile club say that the  
most adequate arrangements will be  
made to safeguard the public and  
competitors in the coming contest.  
It is pointed out that the course in  
France and Spain was 512 miles long,  
and that it was impossible to line  
it with police and soldiers, whereas  
the one in Ireland is only ninety-  
three miles and will be guarded by  
7,000 police and club stewards, who  
will insist on the public keeping to  
the fields, with walls, hedges, and  
ditches between them and the road.  
There are no grade crossings and the  
competing cars number only twelve.  
Thus, of course, minimizes the risk of  
collisions. Furthermore, competitors,  
instead of running a minute apart,  
are to leave at intervals of two and  
possibly three minutes.

BOWEN IS GIVEN  
WARM WELCOME

United States Minister to Venezuela  
Has Arrived at Ca-  
racas.

Caracas, May 26.—United States  
Minister Bowen arrived at La Guayra  
today. He was received enthu-  
siastically by the populace. Learning  
that a demonstration would take  
place on his arrival in Caracas, Min-  
ister Bowen signified his desire to be  
received quietly. On his arrival in  
Caracas, however, he was met by  
President Castro, the members of  
the cabinet and all the foreign resi-  
dents.

## SPARKS FROM THE WIRES

Nineteen persons were killed and  
more than twenty injured by torna-  
does that swept over three Nebraska  
counties.

New York is gaily decorated in hon-  
or today's celebration to commem-  
orate the 250th anniversary of the in-  
corporation of the municipality.

Speaker Ray of the Wisconsin as-  
sembly has been prominently men-  
tioned as a likely candidate for the  
republican gubernatorial nomination.  
The Presbyterian general assembly  
favors appointment of committees by  
the moderator instead of by the Peo-  
ria plan as at present; Sunday travel  
is condemned and regret is ex-  
pressed that work is being done on  
the St. Louis fair on Sunday.

Increased insolence has been  
shown by the Chinese since the e-  
vacuation of southern Manchuria by  
the Russian troops.

Austria-Hungarian emigration to  
the United States is likely to in-  
crease, according to Marcus Braun,  
special American inspector in Eu-  
rope; the encouragement by emigra-  
tion agents and others and poverty  
are the chief causes.

President Roosevelt in an address  
at Ellensburg, Wash., paid a tribute  
to woman's heroism in time of war;  
he made the prediction that the na-  
tional irrigation act will reclaim all  
barren land.

Richard Canfield, New York gam-  
bling house proprietor, declares he is  
tired of business and may retire; he  
is Saratoga "club" to remain closed be-  
cause of opposition.

F. H. Drews, Portland, Ore., was  
shot to death by M. V. Leash, his  
son-in-law, who believed he had in-  
duced his wife to secure a divorce.  
The Chicago freight handlers' de-  
mands for increased wages have  
been formally refused by the manag-  
ers; men are already being imported  
from smaller cities to prepare for the  
strike. The stock yards question is  
still unsettled; several laundries  
have resumed work.

## TO CHECK FEUDS IN THE SOUTH

Salvation Army to Send Workers Into  
Section Noted for Crime.

Cleveland, Ohio, May 26.—Prepara-  
tions are on foot in the Salvation  
Army corps of this city to equip twen-  
ty of its members for a tour through  
West Virginia, eastern Kentucky and  
a part of Pennsylvania, paying particu-  
lar attention to those sections in  
which murderous feuds exist. Col.  
Holtz of this city is to be in com-  
mand. The men and women are to be  
mounted and will proceed slowly  
through the country, carrying the doc-  
trine of brotherly love and trying to  
plant it. The idea is the result of let-  
ters received from Cincinnati and  
several other places within or near the  
district designated. At Bristol, Pa., a  
former Confederate soldier of consid-  
erable wealth has announced his will-  
ingness to defray the expense of the  
expedition. The invading army will  
leave Wheeling inside of a few weeks.

## Peers a Centenarian.

London, May 26.—The oldest mem-  
ber of the British peerage, Viscount-  
ess Glenworth of Downham, is 100  
years old to-day.

## Former Congressman Dies.

Madison, Wis., May 26.—Former  
Congressman John E. Robinson of the  
Third Nebraska district died here of  
appendicitis.

WOULD MURDER  
THE PRESIDENT

Radical Socialist of Pen-  
dleton, Oregon, Had  
a Rifle Ready To  
Kill Roosevelt.

## HE WAS ARRESTED

Said That He Had One Bul-  
let for Teddy and  
One for Emperor  
William.

(Special by Scripps-McRae.)  
Walla Walla, Washington, May 26.  
—It has developed since President  
Roosevelt's leaving that the police  
have a suspect locked up who made  
threats against the president's life,  
and came to town armed to shoot  
him down.

**The Suspect**  
Joseph Becker, a butcher from  
Pendleton, Oregon, is the man under  
arrest and it is asserted that he  
came to the city with his rifle loaded  
with one bullet for the president and  
one for the German emperor, Wil-  
ham.

**Gave Plot Away**  
It was Becker's partner that dis-  
closed the plot and gave the police  
the information that led to his arrest.  
Later Becker confessed where he  
had hidden his Winchester rifle and  
it was recovered by the police.

MORE MONEY NEEDED  
FOR SUFFERING JEWS

The List Grows Very Slowly—Will  
Be Held Open Rest of  
the Week.

Contributions to the relief fund for  
the Kishineff sufferers come in very  
slowly. Mr. Benes today received  
\$1.75 in subscriptions to be added  
to the \$30.50 now on hand making  
the total up to date \$32.25. The list  
is still open and it should be un-  
derstood that the subscriptions can be  
paid in the Gazette office as well as  
to Mr. Benes.

## LEAVES A \$60,000,000 ESTATE

Estimated Value of Property of B. F.  
Jones of Pittsburg.

Pittsburg, May 26.—Sixty million  
dollars is the estimated value of the  
estate of B. F. Jones, deceased. The  
will was filed this afternoon. This  
is the largest estate ever recorded in  
Allegheny county. The will is dated  
Jan. 14, 1903, and names as execu-  
tors and trustees Major George M.  
Laughlin, William L. King and B. F.  
Jones, Jr. The testator's widow,  
Mary McM. Jones, is given the real  
estate and many stocks and bonds  
during her life, after which they are  
to be divided into four equal parts  
among his four children, Mrs. Mary  
F. Laughlin, Mrs. Alice J. Willock,  
Mrs. Elizabeth M. Horne and B. F.  
Jones, Jr. These trusts are to con-  
tinue until the death of the last of  
these four children, when the prin-  
cipal is to be divided among all the  
testator's grandchildren in equal  
parts. An annuity of \$1,000 is given  
by the testator to his brother, G.  
A. Jones, of Mt. Vernon, Ohio, and  
to his sister, Mrs. Caroline Davidson,  
of Greenville, Pa. All the rest of  
the estate is divided into five equal  
parts, one-fifth each to the widow  
and four children, and upon their death  
to be divided equally among their chil-  
dren.

## Hear, Hear!

Woman's rights advocates say there  
is no reason why a woman should not  
support a husband if she thinks he is  
worthy. Louder, please, louder.—New  
York Telegram.

## COUNCIL MET LAST EVENING

THE ROUTINE BUSINESS TAKES  
VERY MUCH TIME.

### POSTPONE FRANCHISE MATTER

Will Give the Other Company a  
Chance To Be Heard Be-  
fore Question Is Settled.

Although readings of several bills and reports were curtailed and efforts made to rush matters through, last evening's council meeting was another record breaker for length. In number the matters which came before the council made a better showing than in importance.

Of the bills presented the finance committee reported favorably upon all save that of M. H. Curtis which should have been paid from the depleted Third ward fund; and of the Lowell Hardware company on the ground that the charter would not allow the purchase of goods from any member of the council. The bills of the Janesville Electric Light Co. and of J. Plowright were reduced, the latter because of an error in reckoning and the former to conform with the report of the light inspector. With these exceptions the bills were ordered paid.

Bonds were presented by the Recorder Printing Co. for the city printing and by Brown & Connors for Franklin St. work. They were approved.

**Franchise Held Over**  
In order to allow the representatives of the Southern Wisconsin Interurban company time to plead their cause before the highway and judiciary committees, the Janesville Traction company's franchise application was held over. The application of the Southern Wisconsin Interurban company was presented to the council and referred to the judiciary committee.

J. P. Wright was refused to erect a barn on Division St., within the fire limits.

Grades were submitted by the city engineer for Chesnut and Palm streets and a sidewalk on Main St.

A number of sidewalks were ordered built according to a report submitted by Assistant Street Commissioner William Ross. In his report he recommended that an ordinance be passed prohibiting the building of wood sidewalks, in order to protect the city from damage suits. No action was taken relative to this matter.

**Public Library Sidewalk**  
No recommendation was made in regard to a request from the library board for a sidewalk around the Carnegie building. It was set forth in the communication that a walk should at least be erected in front of the building to prevent the carrying in of mud when the building is opened to the public. It was left with the finance committee to consider the matter. The cost was estimated at about \$800.

C. H. King was the signer of a petition asking permission that certain telegraph, telephone, and electric light poles near the new government building be removed to make the approaches to the post office more slightly. A map was presented giving the proposed new location for the poles. The highway committee will report next week on the advisability of granting the request. It was stated by the mayor that Mr. King had informed him that it was desired that the alley north of the building be paved in order to give the mail wagons the shortest route from the depot and that the government would stand one-half of the expense if the city would assume the balance of the cost.

**Meeting at Oshkosh**  
Mayor Wilson was requested to attend, at the city's expense, the annual meeting of the League of Wisconsin Municipalities which will be held at Oshkosh June 11 and 12.

Only one bid was received to furnish the city with sewer pipe and lumber, and that was from the Janesville Lumber company. The highway committee was granted more time to consider it.

Although the report of the city engineer on a city sewerage system was presented, the sewerage committee asked more time before making any recommendations. The report of the engineer outlined the division of the city into sewer districts, covering much the same ground as was embraced in the report of Capt. Edward Ruger some weeks ago.

Mayor Wilson's appointment of Thomas Dalton as special police for a term ending August 13, 1933, was confirmed by the council.

**To Ride in Parade**  
The invitation of the Modern Woodmen of America that the city officials participate in the parade on June 4 was accepted.

It was announced that order blanks had been secured and that all orders for goods should hereafter be made out on these forms.

On recommendation of the judiciary committee the municipal court report for the month of April was accepted.

The petition of certain Wall street property owners that the city reimburse them for expenses which they alleged were incurred through the advice of the Municipal League attorneys was turned down. Their claim had been based on the fact that when the suit of Fifield Brothers had been started against Brown and Connors they had expected to be released from paying their pavement assessments.

Permission was not granted the Janesville Street Railway company to erect a wye on the Myers house corner on the ground that sufficient details as to the character of the work to be done was not given.

**Ordinance Amended**  
The ordinance recently adopted requiring that all ditches in streets be flushed before being refilled was amended as to make it optional to tamp the earth upon refilling and thereafter to make necessary repairs.

I. F. Wortendyke appeared before the council in behalf of the New Gas Light company to advocate the

amendment. He stated that it would strike that company harder than any other because it would necessitate the purchase of hose and water meter and add greatly to the inconvenience of doing the work when the ditch was at a distance from a hydrant. He said that the water company could flush ditches by using their own commodity and that plumbers could do so at the expense of the persons for whom the work was being done, but that the gas company does such work at its own expense and the necessity of flushing all holes dug would add greatly to their expense. He contended that the streets could be left in as good condition after tamping as after flushing. Of the eight aldermen present at the time three opposed the amendment.

**Streets to be Sprinkled**  
An order was adopted for the sprinkling of certain streets and intersections, \$115 being appropriated for the east side and \$141 for the west side.

The highway committee was instructed to write to lending bridge builders for prices on a street structure for Court street. No action was taken in regard to the bid of the Worden-Alken company of Milwaukee to erect a steel bridge for from \$16,000 to \$17,000 for the superstructure and \$6,000 to \$7,000 for the substructure.

A grade was ordered established for Olive street.

C. V. Kerch was directed to make surveys and tabulate the property to be appropriated and to be benefited by an extension of Oakland Ave. to Ringold St., the understanding being that the city approve such an extension.

**New City Dump**  
Health Officer Edden presented the need of a new dumping ground for the city, the Jackson St. dump having become offensive. The Spring Brook marsh near the C. and N. W. railroad bridge was suggested. M. G. Jeffris who owns the property proposed that another portion of the marsh be used in preference—that opposite the Buob brewery, just south of the bottling works. He thought that a satisfactory arrangement could be made with the city for the use of that location in case the cans were rejected as proper material to be dumped. Ashes and garbage in general he would not object to. The sewerage committee and health officer were instructed to look up the matter.

The health officer also asked that at least fifteen more garbage cans be procured for use in the alleys of the city. Ten are now in use. As request was referred to the sewerage committee.

**Anent Court St. Bridge**  
D. M. Barless was granted his request that two lengths of the Court street bridge rail be removed to allow his access to the doors of his store. The railing which was erected to keep the teams in the center of the bridge shuts him off from the use of his doors.

The report of the school board for April was accepted.

The clerk was ordered to advertise for about seventy-five screens for the city hall, bids to be in by June 8th.

Mayor Wilson was instructed to borrow one thousand dollars to be placed to the credit of the general fund and five hundred dollars to be placed to the credit of the fire and water fund.

The judiciary committee was instructed to investigate a three-story brick building in the rear of the Myers house which was reported in dangerous condition.

**Main Street Grade**  
A grade on North Main street between Milwaukee and North First streets was called for.

The monthly pay roll for city officials was allowed.

Three bills were ordered paid, which settles the last expenses connected with building the city hall. They were as follows: James Rowson and Son, \$221.41; James Rowson and Son as assignee of E. A. Rush & Co., \$25; and F. E. Green, \$82.40.

**General Business**  
City Treasurer Fathers was ordered to procure tax receipts and necessary blanks for the spring assessments.

City Electrician Klein was instructed to change the wiring in the city hall so as to reduce the lighting expenses.

The question of placing a fire alarm box at the corner of West Bluff and Chatham street was referred to the fire and water committee.

Instruction were given the city attorney to look up the insurance policies held on the city crusher plant, and if necessary to return the policies and secure a rebate on them.

It appeared doubtful whether the insurance holds good while the plant is in its present dismantled condition. \$2,000 insurance has been carried on the property.

It decided to terminate the lease of the city storage lot.

The council then adjourned.

Present: Mayor Wilson, Aldermen Matheson, Judd, Mills, Lowell, Sale, Hemming, Schwartz, Murray, and Connell.

Absent: Alderman Schmidley.

**"Unbecoming Conduct."**  
An amendment to the charter of Greater New York, introduced in the legislature at Albany the other day, provides that school teachers may be removed from their positions for "unbecoming conduct." The object of the amendment, according to its sponsor, is to enable the school board to remove a teacher if she marries, the courts having held that under the present charter such removal would be illegal. It, therefore, appears that marriage is "unbecoming conduct" on the part of a teacher.

**Birds as Benefactors to Seamen.**  
The cries of seabirds, especially seagulls, have frequently proven valuable as fog signals. The birds cluster together on the cliffs and coast, and their cries warn boatmen that they are near land. Some years ago in the Isle of Man there was a fine for shooting such birds.

**Real Estate Transfers**

## LADIES ENJOYED DAY IN BELOIT

WOMAN'S HISTORY CLUB SPENT  
LAST SATURDAY THERE.

### INSPECTED THE ART ROOMS

Enjoyed Talk by Professor Wright,  
and Had a Most Pleasant  
Afternoon.

The Woman's History club and their auxiliary spent a delightful afternoon last Saturday at the Art Museum in Beloit. This occasion proved most fitting and very charming closing of their two years study of Greek and Roman history, art and literature under the direction of Prof. T. L. Wright of Beloit college.

The museum is equipped with an unusually good collection of cast and photographs of rare works of art, not only of the ancient classes by many excellent reproductions of the best modern art. Among some of the more recent acquisitions are very good casts of Lamell French master less "Death and the Sculptor" and Chapu's "Joan of Arc" also one exquisite marble copy of the beautiful "Psyche" which is one of the gems of the art gallery at Naples.

**A Perfect Day**  
The club remembering so pleasantly the visit of a year ago, kindly and hope for another day of such perfect enjoyment as that when the lecture on Greek Art was supplemented by a chorus from one of the old Greek dramas, uniquely rendered by a number of the college students.

Although Jove frowned and threatened all morning, by noon his face was wreathed in smiles service to Lady Juno would journey forth to classic Beloit and must needs have fair weather. In view of the "milk white steeds and the chariot of gold" in which the club women of the ancients—leastwise the wives and daughters of the Iliad and Odyssey were wont to take their outings the interurban electric line served her purpose perhaps were better indeed, the car moved itself through the pleasant fields and along the riverside was by no means the least enjoyable feature of the afternoon. Thanks to Mr. Potter, whose courtesy the club enjoyed a special car.

**The Lecture**  
The lecture in the Greco-Roman room of the museum was a happy resume of the two year's work of the club illustrated with the counterparts in plaster of the choicest spirits of the ancients of the day, who although they are at best somewhat fickle, and capricious lot of ladies and gentlemen yet they are old and valued friends of the Woman's History club all but real chums of Prof. Wright, and since they represent in one way and another the last thought of the Greeks, and Romans the ladies were very happy to meet again so goodly a company of them. They were all there, Queen Minerva with her manly dignity and strength and vision to Apollo Belvison with his womanly grace and beauty each exquisite typical of that strength which was the weakness and that weakness which was the strength of the true Greek. In whom there was always lofty thought, strongly mingled with a childish simplicity.

The interesting interpretation of Raphael's "School of Athens" one of the great frescoes in the Vatican was especially enjoyed symbolic as it is of the oft quoted "the Roman conquered Greece by her arms, Greece conquered Rome by her culture."

**Prof. Wright**  
Prof. Wright's chief charm as a lecturer is perhaps his marvelous ingenuity of applying his great thought of the splendid poets and philosophers to present occasions and incidents and his wonderful faculty for comparison between conditions which wrought such greatness in the past, with present conditions, his thought so far reaching in its scope and beautiful in its spirit and with all so well expressed falls little short of genius.

The professor, however, innocently enough no doubt, dropped a small sized bomb in the camp by hazzarding the suggestion that so many high schools in the land with their tendency toward practical training, whether it was not a mean pulling aside the beautiful things of life to make room for a more commercial element—Perish the thought—what was the Woman's History club and all the other clubs of Janesville and of any town in this country, stand for the earnest search for the same all too elusive "beautiful" for a larger knowledge of all those things which develop resources for the fuller enjoyment of the highest and best things in life.

**A Pleasant Reception**  
After the lecture, there was a stroll through the college campus to the pretty home of Prof. Wright and his sister—where the club was given a gracious welcome and refreshments, with teas, completing a day long to be remembered with unalloyed pleasure.

This club has enjoyed and profited so much by Prof. Wright's efficient leadership, that they feel the honest regret that the Greek and Roman epoch of their study has come to an close, however, they are looking forward to an interesting year in mineral history, art and literature, under the direction of Dr. Pellery of University of Wisconsin.

**MRS. W. F. BOSWORTH.**  
Mrs. Victoria Potter is still at the bedside of her mother who has suffered a partial stroke of paralysis, her entire left side being affected. Mrs. Goss has just passed the 82nd birth day and owing to her advanced age her recovery is doubtful.

**Bank Deposits—Trust Funds**  
A bank cannot be held to account to the owner of a fund where such fund has been deposited by an agent in his own name and paid out on his check without knowledge by the bank of any want of power on the part of the agent. The court says that if a bank is to be held liable for all trust money deposited and checked out by the trustee in the ordinary course of business, no bank would or could safely engage in the ordinary banking business. 72 Pacific Rep. (Kansas, Judge Cunningham) 218.

**Telegraph Companies—Negligence**  
Where a telegram from plaintiff to her husband, announcing the serious illness of their infant child and requesting his immediate return, was received by the telegraph company at 6 o'clock in the afternoon, and was not delivered until 12:30 p. m. the following day, and if it had been properly delivered plaintiff's husband could have caught an earlier train and reached home several hours before he did, the facts were sufficient to charge the telegraph company with negligence. 34 Southern Rep. (Mississippi, Judge Whitfield) 152.

**Criminal Law—Confessions**  
One who was in custody on charge of murder told the deputy sheriff that he would tell him about the murder if the deputy would help him out and asked if the deputy supposed a man would be hung for killing his father in self defense to which the deputy answered that they might give him a sentence for 5 or 10 years and that he would help accused out if he was sent to the penitentiary. Held, that a confession made after such a conversation was not free and voluntary, and that a conviction under such circumstances should be set aside. 34 Southern Rep. (Mississippi, Judge Price) 158.

**City Streets—Accidents**  
Boys opened a man hole in a street one forenoon and a barrel was immediately placed over it by a citizen. This was removed at night by some unauthorized person, and before day light an accident was occasioned. Held, that in the absence of actual notice, the city was not liable. 75 Southwestern Rep. (Kentucky, Judge Burnham) 788.

**Admiralty—Limitation of Liability**  
A large sunk by fault of a tug was raised by other vessels belonging to the owners of the tug. The tug owners took the statutory proceedings to limit their liability to the value of the tug, and then claimed salvage for raising the barge. Held, that they are not entitled to salvage. Where such service is rendered by the vessel at fault, no salvage is recoverable. 119 Federal Rep. (Rhode Island) 939.

**Witness—Competency**  
Where a boy, twelve years of age though he had not been to church or Sunday school, stated that a boy should tell the truth, that if he swore to a lie, he would be hung, that the "bad man" would get boys who did wrong and that he had been made by Jesus Christ, he was competent to testify as a witness. 34 Southern Rep. (Alabama, Judge Dowdell) 177.

**Ideal Suit for Firemen.**  
The fireproof suit of a French-Gadadian inventor consists of a smock of asbestos, with gloves, cap and boots of the same material. The asbestos mask is fitted with a kind of respirator that enables the wearer to breathe without inhaling dangerous vapors. In this costume a man has remained in a burning building, performing the work of a fireman, without injury or serious discomfort.

**An Aged Tourist.**  
Rev. Antoinette Brown Blackwell, though in her seventy-eighth year, has just returned to her home at El Mora, N. J., from a journey to the holy land and up the Nile. She went unaccompanied by any of her family in a tourist party of 400 and had not a moment's trouble even from seasickness.

**Immense Power Station.**  
The great power station of the district railway, London, possesses special interest because of the fact that it will be the first large electrical power station to be operated entirely by steam turbines. The plant will consist of ten Parsons-Westinghouse turbines, each of 7,500-horse power.

**Bank Men**  
who know the value of securities, and the demand there is for good investments, —who have the capacity for selling such securities, and wish to devote all or a part of their time to such work may find it to their advantage to write me.

In writing state references.

## LOWELL'S BILL IS TURNED DOWN

THE COUNCIL SET PRECEDENT  
IN CHARTER ENFORCEMENT.

### A VERY SHARP TALK ENSUES

Alderman Lowell Then Consults an  
Attorney, and Makes a \$22.39  
Gift to the City.

two heads  
If a precedent established by the common council last evening is upheld it will be impossible for any company in which an alderman is interested to sell goods to the city.

On recommendation of the finance committee two bills were disallowed under a charter provision which prohibits an alderman from selling goods to the city and also prohibits other aldermen from allowing any bill which he may present, under penalty of a fine. The bills amounted to \$22.39 and were presented by the Lowell Hardware company, of which E. W. Lowell, alderman from the First ward, is president.

Upon hearing the report of the committee, made by Ald. Matheson, Ald. Lowell said that he would give up his seat in the council if the report was sustained.

"I am not the whole thing in the Lowell Hardware company," he said, "but I am employed by the company. If necessary to protect their interests I will resign from the council."

He was assured by the members of the finance committee that the recommendation was not made as a personal attack upon him but to protect themselves against liability for allowing an improper bill. They had called upon the city attorney for a written opinion on the matter, and pending his reply they did not desire to place themselves liable to heavy fines.

After the council had concurred with the committee in their report, Ald. Lowell withdrew from the council chambers to confer with his attorney. On returning he announced that the charter appeared to be against him, and therefore he donated the amount of the bills to the city.

**A Clever Oil**  
The Badger Drug Co. have repeatedly given the people of Janesville many clever advertising propositions and money saving sales, but their latest is certainly a surprising offer.

They have had made in Germany one thousand solid back slamsow 24x7½ inch. clothes brushes each one embossed on back a neat design, advertising the Badger Drug Company.

These brushes will wear for years, being useful every day will prove a good advertisement and souvenir. They will outwear a dozen whisk brooms and at price sold cost less than one-half of one.

Next Saturday 16 cents will purchase one (one only to each family) at the Badger Drug Co. store, Cor. Milwaukee and River St.

Don't fail to look at them in the show window.

Rock River Grange meets at Good Templar's hall Wednesday evening, May 27th.

## DOINGS DOWN IN SPRING BROOK

Southern Section of the City Still  
Has Its Difficulties with  
Bad Roads.

Sunday the Spring Brook whirlwinds defeated the home nine in a lively game. The score was 4 to 3. It is rumored that there will soon be a game between a nine from the Cheate-Hollister Furniture factory and the boys from the Porch Shade works.

At five o'clock last Saturday a North-Western switch engine and one car became derailed near the Hohenadel Canning factory.

Frank Bunyon, of the Flake Potato company expects to leave shortly on a business trip to Niagara Falls and New York.

F. E. Williams spent yesterday in Chicago on business.

The one street crossing across McKee boulevard, better known to the people of Spring Brook as "Pole Alley," is said to be much in need of repair. People who have to cross that way think it is dangerous to pedestrians.

Last evening a surprise party was given John Brunnen at his home on Armour street.

Peter Kelly, Eastern Ave., has been sick the past week.

A regular meeting of the Janesville Chapter, No. 63, O. E. S. will be held Wednesday evening at 8 o'clock at Masonic hall.

## ...Forty Years Ago...

Janesville Daily Gazette, Tuesday, May 26, 1863.—(Special to Chicago Tribune).—No information has reached here, official or unofficial, of the capture of the town of Vicksburg, but dispatches from Memphis state on Friday that Grant's right and left wings were within a mile and a half of the city, and the center within a mile; that the place must fall on the next day or Saturday.

The Madison Patriot was never in favor of the "300 clause," but at the same time insists that its abolition would bring up substitutes so high that none but the wealthy procure them. There is consistency for you.

The London Times' city article argues that a protection of the war, or even a subjugation of the south, must involve the federal finances in ruin. It says: "These facts are being recognized in Europe, and render the possibility of a federal loan entirely out of the question."

St. Louis, May 25.—A band of guerrillas captured Richmond, Clay county, Tuesday night. The federal forces were captured and the town robbed of everything. The same band robbed Plattsburg, Clinton county, robbing the courthouse of \$11,000, belonging to the state.

France and Russia are negotiating upon a scheme for a European congress, Russia having accepted on principle the project for a conference.

Special to the World: The World's correspondent with Grant's army today from Richmond, after a tour of three weeks in the southern states. Only about 15,000 men were in Vicksburg when he left. Generals Loring and Pomeroy commanded a corps there.

Company E and G, 30th regiment, expect to leave for Superior tomorrow, to attend the Indian payment, and protect the frontier during the summer.

## Youngest Officer in the Army

Washington, D. C.—The youngest officer in the army, says the Army and Navy Journal, would appear to be Second Lieut. Converse R. Lewis. He does not retire until Jan. 30, 1946. The changes which he will witness in the army, if it is his fortune to live until the age of retirement, are indicated by the statistics given here. Not one of the officers now on the active list will be on the roster forty-three years hence, and but a small proportion of them on the retired list. On fame's eternal camping ground their silent tents will be spread, and what noteworthy events will occur meantime?

Within the last forty-three years we have had two wars, which have established the foundations of the republic anew in the affections of the people of all the forty-five states of the union, and have extended our empire to the confines of the great Asiatic world which opens such limitless possibilities for the future expansion of our commerce and the corresponding growth of our influence in international affairs.

Altogether during these years of war, from 1861 to 1865, our regular army lost 184 officers, killed in battle or dying from wounds to 181 days.

ing from disease or accidents. This was an average of seventy-five deaths in each of the five years, nearly equally divided between deaths in battle and deaths from other causes. During the thirty-seven years since the great war, down to and including the year of 1902, the number of officers killed in action or dying from the wounds received in action has been 121, sixty-eight, or about one-half, of these being victims of our recent engagement in Cuba, the Philippines, and China, and the others, or sixty-three, falling in engagements with the Indians; 1,027 officers on the active list have died meanwhile from other causes. We do not include deaths on the retired list, as our purpose is to show the changes on the active list.

While the deaths from the casualties of battle were during the civil war one-half of the whole, since then they have been in the proportion of only one in nine. During the years of active operations against the Spaniards, Filipinos, and Chinese, 1898, 1899, 1900, and 1901, we lost in all sixty-eight officers in battle, 31 per cent, of all the deaths during these years.

## IN SANTO DOMINGO.

PECULIAR CONDITIONS EXIST IN TROPICAL ISLE.

Political Situation Almost Unbearable.—Domestic Life a Trial to the Housewife Used to American Ways Rapid Growth of Our Trade.

(Special Correspondence.) The political condition in Santo Domingo is much the same as in Haiti. They each provide an example of what is known as a "one-man country." Mr. Vasquez, the vice president, got angry with Mr. Jimenez, the president. They locked horns and now Mr. Jimenez is numbered among the absent. Mr. Vasquez is filling out the unexpired term of the executive he chased away and building up his fences to have himself "regularly elected" when the proper time comes. The sober-minded, intelligent, thinking people know that there must be an end to present political practices before there is any show of the country being developed. When they refer to the subject they have to speak in a whisper, but they are hoping and praying for something to happen that will guarantee more stable conditions.

When an American woman begins housekeeping here her domestic af-

Economy is a stranger with whom no reckoning can be had. Sufficient unto each hour are the needs thereof is the substance of native reasoning. Nothing is saved from the preparation of a meal. A separate trip must be made to market for provisions for breakfast and for dinner. It is useless to buy more than is needed at one time, for the cook will certainly confiscate the surplus. If a protest is made against this confiscation, the cook will smile and explain that there are hungry mouths at home which must be fed. Unless the concession is granted there is an immediate vacancy in the kitchen. The exasperated American housewife accepts the only alternative left to her—she surrenders to another custom of the country and employs her Yankee wits in reducing the surplus to a minimum.

The cause which doubtless originated and warrants the continuance of the custom of buying provisions for each meal, is the difficulty in keeping anything over a few hours on account of the warm weather. The greatest care must be exercised by

Santo Domingo Cathedral.

the house wife in the purchase of her provisions.

While the soil here is very fertile and will raise almost anything, a scarcity of the kinds of vegetables grown in the United States is very noticeable. During the winter months a variety can be purchased in the market, but during the summer season the extreme heat serves to restrict their growth. The natives are very fond of lettuce and cultivate it constantly.

The significance of the growth of American trade in the West Indies, and the gradual adoption of American customs, is not fully comprehended by the native. He fears our soldiers but pays no attention to our men of affairs. One is really as formidable as the other. In Havana during the recent strike the politicians were running among the rioters and shouting to them "for God's sake, stop or you will have the Americans up on us!" The fact is the Americans are already closing in upon the West Indies. Our men and women of affairs are saving our soldier's power. The bloodless

campaign they are conducting will end eventually in victory as pronounced as any ever won at the point of the bayonet. When they finally assert their authority in a commercial way there can be no revolting from their mandate. One of the greatest truths ever spoken was the statement that all fighting is not done with guns.

### BRICKS FULL OF GOLD

Cunning Chinamen Long Had Feathered Their Nests.

A man who owned a whole street of houses at Glenside, near Melbourne, was much puzzled and annoyed to find that the bricks were being constantly stolen from the garden walls of some of these houses.

The depredators were Chinamen, but what on earth they did with the spoils neither he nor any one else could find out.

They did not seem to build anything with them. Several were captured and punished, but the thieving still went on.

At last, in disgust, he determined to pull down the walls and outbuildings, level to the ground, make a new street and build fresh houses at a cost of some \$60,000 to \$75,000. When work began, and the old walls were torn down, the bricks gave up their secret. They had been made of clay taken from ground full of alluvial gold and they were full of the precious metal.

He had them all broken fine and washed. Some panned out as much as two pennyweights to the dish, and the result was that he got sufficient gold to pay for the whole cost of his improvements.

### NOSES AND EYE GLASSES.

Acute Discomfort of Short-Sighted Man With a Cold.

When a man who wears glasses gets a cold in his head he has a hard time. That fact is apparent to anybody who gets about town at a time when grip is prevalent and watches the antics of the sufferer. It is not the watery condition of the eyes that gives him trouble, it is his nose. Not one man in a thousand can keep his glasses on when he blows his nose; consequently he who performs that nasal office frequently has considerable difficulty.

The wise man in glasses never tries to read when suffering with a cold. He gets no satisfaction out of the printed page.

"Dreadful accident on the—" he reads, and then, before he can find out where it was, his attention is forcibly directed elsewhere, and it is only in snatches that he gets the details of the disaster. A man who has had experience with colds seldom even puts his glasses on when so afflicted. He only has to take them off every two or three minutes, and until somebody invents a device warranted to prevent their dislodgement during nasal contortions he prefers to go it blind.

### NORTHWESTERN HAS A WRECK

Omaha Train Ditched and Many Passengers Reported Hurt.

Sioux City, Ia., May 26.—The Chicago and Northwestern passenger train from Omaha, was ditched at Onawa, thirty miles south of Sioux City. It is reported that the baggage man is fatally injured and that a number of passengers are hurt.

## WISCONSIN WEATHER FORECAST

Partly cloudy tonight and Wednesday probable thunder showers continuing warm.

## THE CITY

The letter of "Observer" in last Saturday's issue contains a number of pertinent suggestions that are worth considering. Among them is the responsibility of parents. It is very evident to anyone who strolls through the parks on a summer evening, that somebody is negligent. The groups of boys and girls that frequent these places, indicate that home restraint is lacking, and that discipline is an unknown quantity. Many of these young people are standing on dangerous ground. The law, as "observer" suggests, can not protect them but the home should. The park to the girl is more of a menace, than a saloon to the boy. Many homes in Janesville fail to appreciate this fact.

## The Schools

The question is asked, "Do schools teach street manners?" Judging from appearances, the answer would be not to any great extent, but it is well to remember that the teacher has but little, if any jurisdiction after four o'clock in the afternoon. The teacher deals with a complex audience; the home with a select group, and while the school room may be noted for its wholesome moral atmosphere, it cannot accomplish much along the line of good manners, unless the work is supplemented in the home.

## About Bridges

There is no economy in neglecting the bridges, and there is but little question but that the city will sooner or later provide steel structures. If extensive and expensive repairs are to be made the council can afford to think twice before adopting this policy. There is no limit to the life of a steel bridge, and there is practically no limit to the expense of keeping in repair any other kind. The new bridge below Court street is also worth considering.

## Sewerage

The people voted, two or three years ago, for sewerage. This vote was inspired by the belief that the city needed this valuable acquisition and the council was expected to suggest some practical plan to carry out the wishes of the people. The idea prevailed in a general way, that the river could be used, and that a system could be gradually installed at moderate expense, but sewerage, like ventilation, is a many sided question.

Science was imported from the state university, and the doctrine was advanced that the city was inviting destruction by epidemics if the river was made the dumping ground, and that nothing but a plan of intersecting sewers, providing for half million dollars would fill the bill. million dollars would fill the bill.

That is where we are at today, on the sewerage question, and it is where we are likely to remain for years to come unless something more practical develops. The city has about nine miles of private sewers most of them emptying into the river between the two dams, with no outlet at Monterey. There was a time when water power was considered indispensable, and when a dam was sacred, but that day has passed, and now steam and electricity perform the work.

Some one has suggested that the city buy the lower water power, remove the dam and use the river for natural drainage. This may not be practical but it is worth investigating. It might mean a simple solution of the sewerage question.

## Finance

That the city treasury is practically bankrupt, seems to be apparent, and while these conditions demand conservative action, it is well to remember that it is possible to be so cautious that nothing will be accomplished. The city, like the individual should live within its means, but it has a liberal income, and should continue to live. Suspended animation may result in stagnation. While

extravagance and waste should be avoided, wholesome expenditure should be encouraged.

A city builds for the future, and there are occasions when it can afford to anticipate the future. Its school system and permanent improvements have to do with the welfare of coming generations. There is no reason why the tax payers of today should pay the bills that belong to the next decade.

If it becomes necessary to bond, the city for sewerage, or any other permanent improvement, let the bonds cover 25 or 30 years. The benefits will be mutual and the people who enjoy them 25 years hence will not complain if called upon to share the expense.

"Observer" indicates that Tammany is simply waiting to gather second wind, and that two years from now, at the longest, an effort will be made to again gain control. It remains for the people to say whether such a scheme will succeed. The city is now free from politics in city government, and if it so decides, it may remain free for years to come. The Gazette believes that the new order of things will so thoroughly impress tax payers that they will elect to continue it for an indefinite period. The principle is right, and should be perpetuated.

## REPUBLICANISM IN THE STATE

The closing days of the legislative session accomplished much towards clearing up the political atmosphere so far as the republican party is concerned. From the administration standpoint, the entire session was a failure, and many of the governor's admirers reluctantly, yet frankly admit that he signally failed to put in execution any of his pet measures. This has added nothing to his personal strength or popularity, while it has served to remove the veil from obstructed vision. The primary law is disposed of, and in only remains for the people to say whether or not they want to experiment with the revolutionary measure.

The ad valorem tax measure is settled, and public sentiment has already expressed itself on the rate commission bill.

The governor has been honored by two terms, and there is nothing more in the way of glory attached to the office. He is a disturbing element, and the party fully realizes that it can never harmonize under his leadership.

Under the circumstances, the most sensible thing for the party to do is to reorganize under some leader, who possesses the tact and good judgment to bring together the discordant elements. A political contest within the ranks of the party that covers a term of years, is like a family row or the Kentucky feud. People become disgusted. What the party needs, at the present time, is peace, and freedom from internal strife. This should be secured at liberal sacrifice if necessary. We are on the eve of a national campaign, and the party should enter the contest with ranks unbroken.

Success of the party is of more importance than the success of any individual, and personal ambition should not be permitted to influence action.

The Gazette cares not who may be the next governor, so long as the man selected is able to command the united support of the party. With a few obstructions removed, the paper believes that harmony may be secured. If these obstructions fail to remove themselves, then the party should remove them, and unite for party success.

The parting shot of the governor, will add nothing to his popularity. A legislature without a lobby has never existed, and will never exist. The lobby and the home constituency stands between the people and freak legislation.

A mile a minute over the country is a lively pace, but that is what was accomplished in an auto race in France, the other day. The number of fatalities is not yet reported.

The Berlin Machine Works of Beloit are able to be closed for an indefinite period. It is sometimes easier to close a plant than it is to open it. Experience is a hard teacher but usually effective.

It is estimated that 165,000 skilled workmen, whose average wage is \$4 per day, are voluntarily idle in New York. Strikes are expensive luxuries.

While the gross earnings of the railroads show an increase over last year, the net earnings are less, owing to advance in wages and heavier expenses.

A policeman in the park, and spanking machine in the home, will have a tendency to improve morals.

M. Bennett—Max O'Reil—the French novelist and newspaper writer, who died in Paris recently, had many friends and admirers in America. He was a frequent visitor to this country and thoroughly fascinated with it.

If the carp and red horse, become so mixed up as to lose their identity what will become of the catfish?

E. Benjamin Andrews has finally come to his senses, and stated to one of his classes in the Nebraska university the other day that he had been on the wrong side of the money question. There are a number of other college men who should indulge in the same kind of penance.

## PRESS COMMENT

Marquette Eagle: Now let the governor deny that he wants a third term, and there will be peace in the republican camp.

Superior Leader: Governor La Follette evidently believes that there may be use for the crows when he finally gets through with the Stalwarts.

Mineral Point Tribune: The primary principle is ultimately to carry and unfortunately will be the fate of those politicians who stand against the popular torrent.

Madison Democrat: A mock session is a needless farce this year. The whole thing has been a mock session when we judge of performance as compared with promise.

Milwaukee Journal: It is an unwritten, but almost infallible law that the boy pampered in wealth has a poor chance in the contest with the poor boy whose mind and muscles have been trained to toil.

Eau Claire Leader: In taking both the governor and the legislature to task for the remissness and dilatoriness in discharge of their duties, The Oshkosh Northwestern only tries to discharge its obligations to its constituents in an upright manner.

Chippewa Independent: It is not at all likely that Governor La Follette is a candidate for the third term. Should he be, all the newspapers and bootlers in Wisconsin can not defeat him. He has done his duty, and endeared himself to the people, regardless of party. He is the greatest governor Wisconsin has had since the Lamented Washburn.

While it is possible for a man to achieve happiness, but few men are fortunate enough to have it thrust upon them.

An old bachelor says that the worst affliction of a woman's mores is her inability to think of something to worry about.

It is easier to cure a Kentucky colonel of the elbow-crooking habit than it is to cure a man who gets into the habit of thinking he is funny.—Chicago News.

## LIFE LINES.

Love is gracious only to beggars.

We are as happy as we think we are.

"Know thyself," said the ancients. "Be thyself," say we.

The years are steps that break from under us as we climb.

The only wizards who believe in their own magic are the children.

When we see something nice we want it. That is why laws are made.

## KNIGHTS' CLASS ENJOYS SUPPER

YOUNG MEN OF THE FIRST M. E. CHURCH MEET.

## CHRISTIANITY AND BUSINESS

Supper Served by the Ladies in the Church Parlors Last Night.

Under the leadership of Finley Williams, the Knight's class of the First Methodist Episcopal church held their monthly supper and literary program last evening in the parlors of the church. The topic which was discussed after a bountiful supper, had been done ample justice by about forty young men was "Can a Man be a Christian and succeed in Business?"

A Splendid Spread  
Finley Williams, Mrs. Williams, and Mrs. H. L. Roberts presided over the arrangements for the supper. While it was in progress Miss Edith Warner and Mrs. W. W. Warner played a number of piano duets, winning the cordial applause of the gentlemen present. Before the class adjourned a vote of thanks was tendered all who had assisted in making the evening the success it was.

Discussion Followed Supper  
In the discussion of the topic before the club Finley Williams very ably acted as leader. Among the speakers were Frank Barfoot, H. R. Warner and others. Great interest was shown by all who were present. Charles Ward was chosen as the leader of the June meeting which will be held on the river bank, three miles south of the city.

## JOVE'S BOLTS ARE MUCH IN EVIDENCE

Cupola of Mr. Shumway's Barn Is Hit, and Many Phones Are Damaged.

Within five hours Janesville has been visited by five distinct thunderstorms in which the lightning and thunder played important parts. Yesterday the home of Mall Carrier Blakeley was the sufferer and today stories come in from all parts of the city of the damage done last night and during the morning by lightning.

Hits Barn  
In this morning's storm the barn of A. E. Shumway in the Third ward was struck by a bolt and the cupola badly damaged and shingles torn off.

Bolt Divided  
The bolt seemed to divide upon the ridge pole of the barn and one part went off toward L. C. Brewer's residence on the one side and Charles McLean's home on the other, running down by two telephone wires.

In the Brewer home it entered through the telephone and Mr. Brewer reports that the report was similar to a cannon.

Goes into Cellar  
In the McLean house the telephone had been taken out and the ball of fire entered into the cellar filling it with smoke and after whirling around entered into the furnace.

Hits Telephones  
The telephone men are complaining that a good number of their phones are out of order due to the lightning and in some localities many houses in regular ship rotation were affected and their phones put out of commission.

## HER RESIDENCE IS CHANGED QUICKLY

Man Fails to Secure License for Berlin Young Lady, so Changes Residence to Beloit.

Yesterday afternoon a young man who gave his name as William Quinn of Beloit presented himself at the office of the county clerk and asked for a license to be married to Miss Elizabeth Abel of Berlin. Upon being informed the license must be procured in the county where the young lady lived he pleaded that she was now staying at Beloit although she did not reside there. Finding that that was not sufficient he departed.

This morning an application for license, sworn to before a Beloit notary public, was received for the marriage of William Quinn to Miss Elizabeth Abel, setting forth the residence of both parties as Beloit. It was rather a poser for the deputy clerk, but as the application was sworn to before a notary there was nothing to do but issue the license. He is wondering, however, how long a time is required to give residence in a city.

## GONE TO HER REWARD

Mrs. Anne Sheridan  
Mrs. Anne Sheridan, wife of John Sheridan, died at the home of her daughter, Mrs. Fanning, in the town of Rock, at 10 o'clock this morning. With Mr. Sheridan six sons and two daughters are left to mourn her death. They are: Terry, James, Ned, John, Phil and Dan Sheridan, and Mrs. Fanning and Mrs. Rooney. The funeral arrangements will be announced later.

Special Service: Sunday, May 31, at 3 p. m. in the Y. M. C. A. auditorium, a special service will be held for railroad men, commercial men, firemen, policemen, postal service men, hackmen, barbers, and their families. Rev. Vaughan will deliver the address assisted by others. Fine music will be given. The public is cordially invited.

Eastern Star Study Class: The last meeting of the Eastern Star Study class, for the annual election of officers, will be held Thursday, May 28, with Mrs. W. H. Merriell, and the class will be entertained by the president. The study for the coming year will be decided on. The president requests a full attendance.

## COUNTS BOARD TO MEET THURSDAY

First Session of the Newly Elected Members of the Board To Be Held This Week.

On Thursday of this week the county board will meet at the court house to organize. When the board adjourned at their last meeting it was sine die and none of the officers or committees held over until this meeting save the building and county agents committees and the chairman of the board, Assemblyman Alexander White. Officers will probably be elected on Thursday and the business to be transacted held over until Friday.

## UNVEIL STATUE OF GENERAL HOOKER

Second Massachusetts Invite Colonel Kimberley To Attend Their June Exercises.

As president of the Third Wisconsin Veteran Infantry association (which will meet in Janesville Sept. 17th, upon the occasion of their thirtieth annual reunion), Col. E. O. Kimberley is invited to participate with the Second Massachusetts Infantry association, at Boston, June 25th in the unveiling of an equestrian statue of Mayor General Joseph Hooker, in the state house grounds. The Third Wisconsin and Second Massachusetts regiments formed a part of the first brigade, third division, 20th army corps, date of enlistment being about the same in 1861. Their first service was in the Shenandoah Valley, Virginia, and their last with Sherman to the sea. The muster out was at Louisville, Ky., August, 1865.

## RAILROAD NEWS OF INTEREST

Items Concerning Local Yards, and News Gathered Along the Main Line

The Illinois Central took the lead in deliveries of grain, in the northwest the past week, for the first time in many years, having a gain of 2 per cent. over the week before. The Burlington is next, with 16 per cent. and the Milwaukee road a 13 per cent. third, a loss of 2 per cent. The North-Western has 11 per cent. of the deliveries.

It is reported that the North-Western road is hiring farm hands and men in towns all along its lines to be ready to hurry them to Chicago in the event of a freight handlers' strike.

The Chicago and Eastern Illinois road has opened a freight line between Chicago and St. Louis. A passenger service will be started later.

The Wisconsin Central leads in the amount of flour delivered within the past week in the northwest, while the Milwaukee road is second.

Officials of the Western Pacific railway have decided to issue \$50,000,000 in bonds for construction of the road.

The Soo road is replacing the entire track west of Minneapolis with heavy steel rails.

P. C. Coburn, North-Western engineer, has laid off for a few days.

W. Snow, freight agent of the Chicago & North-Western at Madison, was in Janesville today.

Seven carloads of Portland cement have arrived for the Cement Post factory in Spring Brook.

New flower beds are being laid out in the North-Western depot park. Over six dozen plants of the Illinois valley will be put in today.

A marriage license was issued to Iver N. Boe of Cottonwood, Minn., and Hanna Halvea Medgorden of Plymouth.

## WAS INJURED ON DEFECTIVE ROAD

THAT IS CLAIM MADE BY WILLIS TOLLES.

## ON TRIAL IN CIRCUIT COURT

First Jury Case on Adjourned February Term, Taken Up This Morning Before Judge Dunwiddie.

In the circuit court room of the court house jury trial is now in progress of the suit brought by Willis M. Tolles against the town of Center, for personal injuries which it is alleged were received because of a defective highway. This is the first case brought up before Judge B. J. Dunwiddie in the adjourned February term, which opened yesterday.

After the jury had been drawn yesterday they were conducted by Sheriff Appleby to the scene of the accident, where they inspected for themselves the condition of the road.

This morning the trial began, Fethers, Jeffris, and Mount appearing for Tolles while G. G. Sutherland and W. G. Wheeler are attorneys for the defense.

## DECORATION DAY WITHOUT A FLAG

Old Glory May Not Wave Over the County Building This Year.

It seems extremely probable that the Rock county courthouse will be unable to fly the stars and stripes on Decoration day this year. During the winter the halliards on the forty-foot flag pole at the top of the courthouse were frayed by whipping against the pole and in the pulley and became worn through and parted. It is doubtful whether any way can be devised to run a new rope through the block pulley at the top of the pole before next Saturday, and for the first time in years the courthouse will be without the red, white and blue on the day when honor is done to the nation's dead soldiers.

American Rebekah Social Club  
The American Rebekah Social club will meet at West Side Odd Fellows hall Thursday afternoon May 28 at which time officers for the ensuing year will be elected. As the hall is being repaired supper will not be served.

Awarding Prizes: The awarding of prizes for competing floats, and for store front decorations during the Woodman picnic celebration here, ending at games a delicious supper from Freeport, Rockford and Madison.

## ANOTHER FREAK OF LIGHTNING

PARTIALLY WRECKS ROOM, BUT DOES NOT INJURE BOY.

## IT CAME THROUGH THE ROOF

John Millford Had a Very Narrow Escape in This Morning's Storm.

Another narrow escape from a bolt of lightning is related as happening this morning at the home of Mrs. Sarah Kingsley, 53 Pearl street. After entering through the roof and completely demolishing the contents of a bed room, circling around little John Millford without harming him, the bolt spent itself and disappeared.

## Narrow Escape

John Millford, aged thirteen was lying in bed in his grandmother's house when the first thunder shower came up about ten o'clock this morning. Mrs. Kingsley and her daughter, Mrs. Harry Keller, and her baby were in the house in the next room to the boy. Suddenly there came an exceptionally vivid flash of lightning followed by a rendering sound.

## Boy Unharmed

Both ladies rushed to the bed room and there lying on the bed with a huge gaping hole in the roof above him lay the boy. The room was completely turned up side down, but the boy was unhurt and did not realize at first what had happened.

## Hole in Roof

The hole in the roof was as large as a big bushel basket and the lath and plaster were scattered about the room. It was a wonderful escape for the boy and one of the queer freaks that lightning will take at times.

Killed by Patrol: A small black dog owned by W. A. Fathers got in the way of the police patrol wagon this afternoon as it was answering a fire call and was run over, dying shortly after. The fire was principally smoke and was located in the attic of the Myers Grand opera house building.

A Baby Girl: Mr. and Mrs. George King are rejoicing over the arrival of a baby daughter which arrived on Sunday afternoon. Both Mr. and Mrs. King have the heartiest congratulations of their many friends.

Hits the Telephones: The recent storms have played havoc with the telephone service in and about the city. Not only has it done that but it has hit the toll lines throughout the county. On the Rock county line Madison and Evansville branches are all played out and while the rest of the lines were in trouble this morning they are coming in all right this afternoon.

Arranges Supper: Louis Moulton, caterer for the Stansdip Golf club, is making elaborate preparations for the supper which will be served on the occasion of the formal opening of the season, next Saturday.

# ..NEWS FROM NEAR-BY TOWNS..

## CLINTON

Clinton, May 25.—On Wednesday afternoon at 2:30 o'clock a very pretty wedding occurred at the home of Mr. and Mrs. J. E. Hamilton, the contracting parties being the only daughter, Jennie B., and Ernest Warner of Milwaukee. After the ceremony, which was performed by the Rev. Wm. Moore, the guests were invited to the home of Mrs. A. E. Hartshorn where an elaborate luncheon was served. The house was darkened and lit by numerous candles, and the tables were prettily decorated with small ferns and carnations. The wedding presents were beautiful and costly.

Mr. and Mrs. E. A. Shattuck spent Sunday at Janesville.

Mr. and Mrs. F. Thomas and Mr. and Mrs. Will Bruce expect to go to Lauderdale Lake this week to spend the summer.

Miss Mayme Sayre returned today to her home in St. Louis.

O. E. Noble has sold his barber shop to W. E. Donnelly of Elgin, Illinois.

The last meeting of the year of the Twentieth century club will be a social at the home of Mrs. L. L. Simmons, when new officers will be elected for the coming year, all members are urged to be present.

The G. A. R. Post here attended the Bergen church yesterday morning where Rev. Weswig addressed them. In the evening union services were held in the Congregational church which was well attended. The decoration of flags and bunting in honor of our old soldiers, were, very prettily arranged. Rev. Moore delivered a very able sermon on "The Noise of Battle."

## SHOPIERE.

Shopiere, May 25.—The ladies of this community are requested to contribute flowers for decorating the soldiers' graves, and to help arrange them next Saturday morning. A good program is being prepared for the service in the afternoon.

Miss Ruby Gleason spent Sunday with Mrs. E. P. Bostwick at Turtleville.

The R. N. A. gave a very enjoyable entertainment on last Wednesday evening to a large audience. The drill given by sixteen ladies was especially fine, and the music of the Midget band could not be excelled. The drill team at their last rehearsal presented Mrs. Maude Manley with a silver salad spoon, and the lodge meeting on Thursday the members gave Mrs. Manley two handsome pieces of china.

Archie Allen, of Chicago, spent several days with his relatives here. Supt. Antisdal gave our school a call one day last week.

Mrs. Polly Allen has returned to her home after spending nearly a year with her daughter in Arkansas. Andrew Butler's parents have been making an extended visit with their children.

Mrs. Russell, of Clinton, is visiting her daughters Mrs. Fonda and Mrs. Earl.

Mr. and Mrs. Gordon Randall, of Janesville, and DeWitt Parker and family of Beloit, attended the Congregational church on Sunday.

## EVANSVILLE

Evansville, May 25.—Prof. H. F. Kling spent Sunday in Madison.

The high school pupils enjoyed a picnic at Kegonsa Lake on Saturday. Little Caroline Doolittle gave a party to about twenty of her friends on Saturday afternoon—the occasion being her third birthday.

Miss Burton of the Seminary gave a picnic for her Sunday school class on Saturday at the park.

A team of bronchos ran from Lewis' livery barn, Saturday evening. Upon reaching the railroad crossing north of town the horses followed the track for a quarter of a mile, stopping only when becoming entangled in a tressed bridge. A passenger train was derailed by Mrs. James and Mrs. Fisher, and thus serious results were averted.

One of our high school professors and a young lady, were unfortunate enough to lose control of the horse they were driving at a neighboring city recently. The horse reached Evansville, leaving behind a badly mutilated carriage and two crest-fallen young people.

Mr. and Mrs. Reckford spent Sunday in Madison, guests of Mr. and Mrs. Will Briggs.

The Embroidery club enjoyed a picnic supper on Saturday.

Mrs. Chas. Copeland entertains a few friends in honor of Mrs. Agnes West Smith, of Chicago this afternoon. Invitations are out for the wedding of Mr. Wallace and Miss Nellie Patterson at the home of the bride on Wednesday, May 27, 1903.

Mr. Fred Winston is visiting his son Verne who graduates this week from a medical college in Chicago.

Mrs. Ed Smith spent Wednesday in Janesville.

Covers for 125 guests were laid in city hall last Tuesday evening. It being the annual banquet of the Woman's Literary club. A most pleasant evening was spent by all present.

Mrs. Isaac Brink fell one day last week receiving injuries which will confine her to her bed.

Mr. Harry Pease returned from a trip to Green Bay and Milwaukee.

## MILTON

Milton, May 25.—The fourth annual commencement of the Milton high school will be held at the Seventh-day Baptist church Thursday evening at 5 o'clock. The address will be given by Rev. W. C. Hewitt of Oshkosh. The public are cordially invited.

The Baccalaureate sermon for the graduating class of the high school was preached by Rev. A. L. McClelland at the Congregational church Sunday morning and in the evening he gave the memorial sermon before the G. A. R. and W. R. C. There was a large attendance at both exercises.

The high school entertainment Thursday was good. The school was assisted by Miss Maud Gilkey, of Minneapolis, in readings and Miss Ida Napper, violinist, of Lake Geneva. The program included piano duets, by Misses McWilliams, Hudson, Godfrey Brown, Goodrich, and Wells; piano solos by Miss Ingham and vocal solos by Misses Plumb, McCafferty, and Ballard. Misses Naper and Dun played a violin solo. The proceeds go to the piano fund.

The post office will be closed on Monday, June 1, Memorial day, from 2 to 4 p. m.

Mrs. J. C. Anderson has been having quite a serious time with her foot as the result of stepping on a nail.

Mr. and Mrs. Koch of Fairdale, Ill. have been visiting Mr. and Mrs. J. C. Goodrich.

Dr. Henry Ogden of Fort Atkinson called on Milton acquaintances Saturday.

Miss M. A. Flaxley spent Saturday and Sunday in Janesville.

President Daland and wife spent Sunday at Edgerton.

Funds have been subscribed to build a band stand in the park and to pay the fireman's band for outdoor concerts this summer.

## EDGERTON

Edgerton, May 25.—Mrs. Robert Atlesby who has been quite ill for some time is improving.

L. C. Whittet spent Tuesday in Milwaukee.

Andrew McIntosh and Henry Johnson were callers at Rockford the first of the week.

Frank Ash transacted business in Milwaukee Thursday.

Mr. and Mrs. Birkmeyer of Stockbridge are visiting at the home of their son Chas. Birkmeyer.

Miss Madge Donovan of Hartford, Minn., arrived Thursday for a few weeks stay with her parents Mr. and Mrs. W. H. Morrissey.

Union memorial services were held at the M. E. church. Rev. Stephen delivering the sermon.

Harry Hood of Milwaukee was a guest of Edgerton friends Sunday.

Mrs. W. A. Goss is quite seriously ill with paralytic trouble. Her daughter, Mrs. Potter of Janesville is caring for her.

William Pells, a farmer near Edgerton had the misfortune to fall from a ladder one day last week breaking one of his arms.

A special school meeting will be held Wednesday evening to vote on the question of building a four room building for the primary grades.

Mrs. Thomas Burns died at the Mendota asylum Saturday night. Her remains were brought here Sunday and later taken to the home, about four miles west of this place.

A reception was given Mr. and Mrs. Daland at the home of Mr. C. L. Calton Saturday evening. Mr. Daland is president of the Milton college, but for some time has been occupying the pulpit at the Congregational church. Sunday being the last day here it was quite fitting that he should spend a pleasant evening with those who have had the pleasure of listening to his sermons and no more appropriate place for this could have been found than the beautiful to which they were invited.

## EMERALD GROVE

Emerald Grove, May 25.—Rev. Mr. Dodd of Beloit will deliver the address on Memorial day at the Congregational church.

Mr. Walter Scott of Santa Anna, California is visiting relatives here. Many pieces of corn are up and a few farmers have begun to cultivate it.

J. R. Lamb purchased a flock of sheep Saturday.

Many of the young people attended the dancing party at La Prairie Grange hall last Friday night.

There will be services at the church next Sunday.

On Decoration day special services will be held. The graves of the dead soldiers will be decorated before the public speaking.

## FOOTVILLE

Footville, May 25.—Program, May 30, '03, 2 p. m.

Grove Cemetery.

Song by choir.

Prayer by D. N. Wetzel.

Quartette.

Address by Rev. A. L. Williams.

Duet.

Recitation—Mrs. Wetzel.

Strewing flowers on the soldiers' graves by the school scholars led by Pres Wiggins and the teacher.

Song.

Benediction—Rev Williams.

## JOHNSTOWN

Johnstown, May 25.—Mrs. P. J. McFarlane went to the hospital in Janesville last week and Tuesday morning had an operation performed which her many friends will be glad to learn has been successful.

James Hulbert, wife and children have made an overland trip to Oshkosh to spend a few weeks with her parents Mr. and Mrs. Mantor.

Mrs. Lew Sherman and Miss Geo. Sherman returned to their home in the city Friday after spending a week with relatives.

Mr. and Mrs. Will Borst entertained Frank Hutchins and Family Monday.

Mrs. James Cummings of Delavan visited her mother last week Mrs. M. Ward.

Miss Lola Cummings, Mrs. Allie Cogswell and Mrs. Lew Sherman and Miss Georgie Sherman spent Sunday at the home of Mrs. Frank Blunt near Whitewater.

Mrs. S. Godfrey and Miss Jessie were welcome callers last Monday.

## CENTER

Center, May 25.—Miss Ina Kemmer of Janesville spent Saturday and Sunday with Effie Crall.

Several from here attended the memorial services at Footville Sunday morning.

Mrs. Pearl Daniels of Janesville, visited friends here Saturday and Sunday.

The social held at J. H. Fisher's Friday evening was well attended.

Mrs. Carson of Porter and Iva Snyder gave examinations at District No. 2 on Friday and Saturday.

Rain seems to be the order of the day.

Elmer D. N. Wetzel, will preach as usual at 3 o'clock next Sunday afternoon.

## COOKSVILLE

Cooksville, May 25.—Mrs. S. J. Danks and son Harry visited at the home of Irville Johnson Thursday.

Chas. Miller and wife, and Arthur Conner and family spent a couple of days last week, visiting relatives near Milton.

Clouden Stebbins and wife of Stoughton were Cooksville visitors on Thursday.

Mrs. Gertrude Bartlett and son Verne are enjoying the Dutch measles.

The many friends of James Scott will be pained to learn of his death which occurred in Colorado the first of the week. He had gone west in hopes of benefitting his health which had been very poor for several years.

Mrs. S. Warner, and daughter, Jessie, were guests of Mrs. Millie Johnson on Tuesday.

## NORTHWEST LIMA

Lima, May 27.—Miss Ethel Butler of Whitewater, spent a few days visiting Mrs. Earl Godfrey and Miss Rosa Downey.

Mrs. M. Sullivan and Miss Helen of Fort Atkinson, spent Wednesday with Mrs. Albert Selzmann.

Mrs. Joseph Godfrey returned home Wednesday after a two weeks stay with Mr. and Mrs. Lyman Blakeley at Whitewater.

Wm. Garlock can be seen every Sunday night and sometimes through the week-endings his way towards the town hill. We wonder why?

Arthur McGill is mourning the loss of his pet hen, Snowflake.

The clerk of the corn planter can be heard everywhere.

## RICHMOND

Richmond, May 25.—Deltay Stoller visited with Mr. and Mrs. Peterson in Milwaukee from Saturday until Wednesday.

Herman Sacarine lost a valuable horse one day last week.

There was a meeting of the cemetery association Saturday.

Henry Wolke had a "bee" and got his new house shingled in one day.

Mrs. Robert Nilans is suffering from a stroke of paralysis.

Mr. and Mrs. A. McLane were pleasant callers here Wednesday.

Rev. and Mrs. Judy were Thursday visitors at Mr. and Mrs. Magoomis.

## LA PRAIRIE

La Prairie, May 25.—Saturday's shower was warmly welcomed and still we hope for more.

Next Saturday is Decoration, and an abundance of flowers is looked for.

Mrs. Olive Wilcox has returned to her home in Janesville after spending a few days with local friends.

Clarence Wright and family have taken their departure for the West. J. P. Thomas and Harry Pierce are spending a few weeks at Lake Koshkonong.

W. T. Sherman had a new piano placed in his house last week.

A very pleasant dancing party was given at the hall last Friday evening.

Our mission Sunday school is open for the summer.

Working the roads is once more at hand.

## GERMANY'S BUILDING AT THE WORLD'S FAIR

A Reproduction of an Old Castle Built by Frederick I., of Prussia.

The plans for the German National Pavilion at the World's Fair, St. Louis, have been completed and submitted to the Director of Works, Isaac S. Taylor, for approval. It has been the endeavor of the German Government to keep the architecture of the building in harmony with the Exposition buildings in the immediate vicinity. The pavilion will be a fairly accurate reproduction of the central portion of the royal castle at Charlottenburg, near Berlin. This old castle occupies a conspicuous place in the history of German architecture. It was built about the end of the 17th century, for and under the direction of Frederick I. first king of Prussia. The castle was designed by Andreas Schueller, the greatest German architect of that period.

Imposing Architecture The architecture of the Charlottenburg castle is imposing. The main facade is in two stories, crowned by an enormous stilted dome, ornamented with engaged corinthian columns. In the center of the facade is a projecting bay crowned by a beautiful classic pediment. The drum of the dome is broken by six bull's eye windows and is crowned by a towering lantern surmounted by a sculptured figure.

The Pavilion In the pavilion the ground floor will be used for reading, writing, office and reception purposes. The second floor has been set aside for purposes of representation. It will embrace an actual reproduction of the state rooms of the castle of Charlottenburg. These rooms will be fitted up with precious old furniture, Gobelins, and silver ornaments, the products of by gone days. In a separate building, but connected with it, will be a restaurant and a "Kneipstube" a combination of smoking room drink club, restaurant and fraternal society lodge room. This subsidiary building will harmonize completely with the architecture of the main structure and will be connected with it by an alley.

**WOMAN'S GENTLE NATURE CALLS FOR GENTLE TREATMENT**

Delicately formed and gently reared, women will find, in all the seasons of their lives, as maidens, wives, or mothers, that the one simple, wholesome remedy which acts gently and pleasantly and naturally, and which may be used with truly beneficial effects, under any conditions, when the system needs a laxative, is—Syrup of Figs. It is well known to be a simple combination of the laxative and carminative principles of plants with pleasant, aromatic liquids, which are agreeable and refreshing to the taste and acceptable to the system when its gentle cleansing is desired.

Many of the ills from which women suffer are of a transient nature and do not come from any organic trouble and it is pleasant to know that they yield so promptly to the beneficial effects of Syrup of Figs, but when anything more than a laxative is needed it is best to consult the family physician and to avoid the old-time cathartics and loudly advertised nostrums of the present day. When one needs only to remove the strain, the torpor, the congestion, or similar ills, which attend upon a constipated condition of the system, use the true and gentle remedy—Syrup of Figs—and enjoy freedom from the depression, the aches and pains, colds and headaches, which are due to inactivity of the bowels.

Only those who buy the genuine Syrup of Figs can hope to get its beneficial effects and as a guarantee of the excellence of the remedy the full name of the company—California Fig Syrup Co.—is printed on the front of every package and without it any preparation offered as Syrup of Figs is fraudulent and should be declined. To those who know the quality of this excellent laxative, the offer of any substitute, when Syrup of Figs is called for, is always resented by a transfer of patronage to some first-class drug establishment, where they do not recommend, nor sell false brands, nor imitation remedies. The genuine article may be bought of all reliable druggists everywhere at 50 cents per bottle.

**CALIFORNIA FIG SYRUP CO.**

## BIG WATCH TRUST IS FORMED

Waltham, Elgin, Keystone and Crescent to Buy Canadian Concern.

New York, May 25.—A trust in watches has been formed by the American Waltham Watch company, the Elgin National Watch company, the Keystone Watch Case company and the Crescent Watch Case company, with a combined capital of nearly \$14,000,000. These companies have been rivals so long that the price of American watch movements has been kept down low, but now they will be raised. The ostensible purpose of the syndicate is to purchase the American Watch Case company, Limited, of Toronto, which has been consummated. The syndicate expects to control the manufacturing branch of the watch industry in the United States and Canada.

## LINER IS ADRIFT IN MID-OCEAN

German Steamer With 2,900 Passengers Aboard is Reported Disabled.

New York, May 25.—The Atlantic Transport liner Minnetonka, which arrived here from London, reports that on May 20, in latitude 41:41, longitude 30:53, she spoke the German steamer Bulgaria from Hamburg May 13. The Bulgaria signaled she was not under command, but did not require any assistance. The agents here of the Bulgaria said that she carries about 2,900 steerage passengers. The steamer is bound for Halifax, where the immigrants will be landed, after which she will proceed to Philadelphia.

## Shoots Sweetheart's Father.

Hillsboro, Ill., May 25.—Edward Copeland, aged 19, shot and killed Henry Green, aged 60, the father of his sweetheart, in her presence. Green had opposed Copeland's courtship of his daughter and had forbidden him to continue it.

## Refuse Greek Aid.

Athens, May 25.—One hundred and fifty Greek officers called at the Turkish legations in Athens and tendered their services to the Sultan in his conflicts with the Bulgarian bands. Their offer was declined with thanks.

## Soldiers to Get Medals.

Washington, May 25.—The Secretary of War has determined to issue all the officers and men who served in the Spanish war, the Philippine insurrection and the Chinese campaign bronze medals of suitable design.

## Mob Fails to Lynch.

Nampa, Idaho, May 25.—A mob attacked the city jail shortly before midnight in an attempt to lynch two negroes, James T. Quarles and Henry Williams. The mob got inside the jail, but was forced to retire.

## Worked for Presidents.

New York, May 25.—"Mammy Bates," formerly a slave and employed in the families of Presidents John Adams and James Monroe, is dead. Had she lived until Sept. 1 she would have been 104 years old.

## London's Women Drunkards.

Eight thousand nine hundred women in London have been convicted of drunkenness more than ten times.

**Why Pay as Much for an inferior beer?**

Schlitz beer costs twice what common beer costs in the brewing. One-half pays for the product; the other half for its purity.

One-half is spent in cleanliness, in filtering even the air that touches it, in filtering the beer, in sterilizing every bottle. And it pays the cost of aging the beer for months before we deliver it.

If you ask for Schlitz you get purity and age, you pay no more than beer costs without them.

Ask for the Brewery Bottling.

**Notice to Contractors.**

Sealed proposals will be received by the undersigned city clerk of the city of Janesville, until May 31st, 1903, at 8 o'clock p. m., for furnishing the city with lumber and sewer pipe for the ensuing year, ending April 30, 1904. Such lumber and sewer pipe to state of them to be delivered, free of charge for delivery, at any point or points within the limits of said city, which may be designated by the street commissioner.

No. 1 common pine lumber; also No. 1 hemlock lumber; also No. 1 fencing, 6 inches wide, in the rough; free from sap, or shakes, 12, 14 and 16 feet long; each bid to state the additional price per thousand feet for lumber long or short 16 feet.

No. 2 power pipe, first quality, vitrified, cast glazed inside and outside pipe, 10, 12, 15 and 18 inches in diameter, inside measure. All curves or other fittings required by the city to be furnished by the successful bidder at the same price as such bidder offers the above mentioned sizes at.

The council reserves the right to reject any and all bids.

By order of the common council.  
Dated Janesville, Wis., May 16th, 1903.  
A. E. BADGER, City Clerk.
